

JULIA CHEVAN, PT, DPT, PHD, MPH

Email: julia.chevan@ui.edu

SUMMARY OF QUALIFICATIONS

- **A strategic leader** with success in team building, mentorship, strategic planning, and fostering international collaborations across academic, clinical, and community settings.
- **An effective communicator** skilled at translating complex research findings for diverse audiences through publications, presentations, and program development.
- **An accomplished administrator and project manager** with extensive experience directing academic departments, managing grants, coordinating international initiatives, and implementing sustainable healthcare programs.
- **A recognized health services researcher and implementation scientist** with expertise in data analytics, statistical modeling (Stata and R), evidence analysis, quality improvement, and community health interventions.
- **An innovative educator** experienced in developing curricula in face-to-face and online formats, mentoring students and faculty, and implementing evidence-based teaching methodologies across cultural boundaries.

EDUCATION

2018 - DPT, Arcadia University, Glenside PA

2006 - PhD in Health-Related Sciences, Virginia Commonwealth University, School of Allied Health Professions, Richmond VA

1995 - MS in Orthopaedic Physical Therapy, Quinnipiac University, Hamden CT

1989 - MPH in Health Policy and Management, University of Massachusetts, Division of Public Health, Amherst MA

1985 - BS in Physical Therapy, Boston University, Sargent College of Allied Health Professions, Boston MA

ADDITIONAL TRAINING AND CERTIFICATIONS

Fellowship in Higher Education Leadership, American Board of Physical Therapy Residency and Fellowship Education

Board Certified Orthopaedic Physical Therapy Clinical Specialist Emeritus, American Board of Physical Therapy Specialties

Certified Strength and Conditioning Specialist, National Strength and Conditioning Association

Certificate in Mechanical Diagnosis and Therapy, McKenzie Institute USA

Functional Movement Screen Certification, Functional Movement Systems

PROFESSIONAL EXPERIENCE

Professor of Clinical Research (2026 – present), *University of Jamestown, Jamestown ND*

- Responsible for teaching courses and advising students in the Clinical Research PhD program.

Senior Program Manager (2023 – present), *National Association of Chronic Disease Directors, Decatur GA*

- Lead within the arthritis portfolio managing the CDC grant program entitled “Advancing Arthritis Public Health Priorities through National Organizations – Component 2” efforts.
- Co-Lead for the Brain Health model development project, working to establish a public health strategic framework and best practices for a new national initiative focused on community-clinical linkage.
- Applied implementation science principles and a quality improvement framework to provide technical support for the development and successful piloting of the “Arthritis Care Model”.
- Collaborated with colleagues across condition and program portfolios to provide support for state efforts to enhance chronic disease management.

Positions at Springfield College, Springfield MA
Professor Emeritus (2024 – present), Springfield College

Analytics Consultant (2023 – present), Foot Intrinsic Testing and Training Lab (FITT Lab), Springfield College
<https://gulick.springfield.edu/fitt/>

- Provided research design and methodologic guidance for funded clinical trial: “The effects of intrinsic foot muscle strengthening interventions on balance, proprioception, and fall risk in adults over age 65.”
- Conducted data analysis and reporting for lab research studies using STATA and R software packages.

Adjunct Professor of Physical Therapy (2023 – present), Springfield College, Department of Physical Therapy

- Instructor in the DPT program for courses focusing on professional issues, practice management and evidence-based practice.

Chair, Department of Physical Therapy (2008 – 2023), Springfield College, Department of Physical Therapy

- Served as DPT Program Director, responsible for all accreditation related activities including self-studies.
- Strategic leadership for both a graduate DPT program and an undergraduate Pre-PT program.
- Mentored faculty facilitating growth and development of junior faculty in their roles.
- Managed the department budget strategically allocating department resources.
- Implemented comprehensive evaluation systems for core and adjunct faculty.

Professor of Physical Therapy (2008 – 2023), Associate Professor of Physical Therapy (1998-2007), Assistant Professor of Physical Therapy (1993-1997) Springfield College, Department of Physical Therapy

- Responsible for curriculum development and teaching courses in the evidence-based practice curricular sequence.
- Collaborated with colleagues on DPT program improvement initiatives.
- Provided academic and career advising to students.
- Engaged in college service roles in faculty governance and institutional strategic planning.
- Maintained a scholarly agenda and conducted original research.

Co-Program Director for the post-baccalaureate certificate program in College and University Teaching for Healthcare and Medical Professionals (2021-2023)

- Developed, marketed, and prepared for delivery an online program and curriculum designed for health practitioners who want to expand their skills and knowledge with a goal of teaching in higher education.

Interim Dean (2016-2017), Springfield College, School of Health Sciences and Rehabilitation Studies

- Upheld high standards that encouraged growth and development for faculty in the Physician Assistant Studies program, physical therapy program, occupational therapy program, emergency medical management program and health sciences program.
- Championed school interests on the Provost’s Deans Council for academic planning and decision making and in college meetings and activities.
- Optimized budget management for departments in the school.
- Guided curriculum innovation across the school.
- Presided over contract development with clinical partners for student internship programs.

Physical Therapist (2003-2007), Towne Health Center, Springfield College, Springfield, MA

- Delivered high quality clinical orthopedic physical therapy services in collaboration with the student health center.

Per Diem Physical Therapist (1992 – 2003, 2007 – 2008), Cooley Dickinson Hospital, Northampton, MA

- Delivered physical therapy care in both the outpatient and inpatient setting on an as-needed basis.

Instructor (1993), *University of Connecticut*, Department of Physical Therapy, Storrs, CT

- Collaborated with faculty and taught in the neuroscience curriculum of the physical therapy program.

Assistant Professor (1991 – 1993), *Berkshire Community College*, Pittsfield, MA

- Program Director for a newly accredited physical therapist assistant program, responsible for all accreditation activities.
- Responsible for curriculum development and teaching PTA courses.
- Provided academic and career advising to students.

Director of Physical Therapy (1990 – 1991), *The Rehabilitation Hospital of Western New England*, Ludlow, MA

- Supervised a staff of inpatient and outpatient physical therapists.
- Developed policies and procedures for patient care, staff evaluation and staff development.
- Engaged in program and hospital-wide strategic planning.

Supervising Physical Therapist (1989-1990), *Cooley Dickinson Hospital*, Northampton, MA

Staff Physical Therapist (1987-1988), *Cooley Dickinson Hospital*, Northampton, MA

- Delivered physical therapy care in both the outpatient and inpatient setting.
- Supervised a staff of 8 physical therapists and 3 physical therapist assistants.

Physical Therapist (1985 – 1987), *Valley Rehabilitation Inc.*, Northampton, MA

- Delivered physical therapy care for contracts in home health, nursing homes and in community-based day habilitation programs.

GRANT ACTIVITY

Fulbright Scholars Grant for a lectureship, research, and consultation position at Riga Stradiņš University in Riga, Latvia (\$29,208). February – June 2023.

Fulbright Specialist Grant to provide consultation to the program in Physiotherapy at Kathmandu University School of Medical Science in Dhulikhel, Nepal (\$6,000). May 2022.

Josiah Macy Jr. Foundation President's Grant (co-PI) to support the ACAPT NEDIC Summit 2022 and post-summit activities (\$25,000). April 2022

Health New England DEI Mini Grant awarded for a summer program to prepare High School students from marginalized groups for future health professions academic studies (\$5,000). December 2020.

National Association of Chronic Disease Directors, HUB grantee for the 2019 Walk With Ease (WWE) mini-grant funding opportunity (\$12,000).
